WHAT IS A GIFT CARD?

Gift cards look like and act like a credit card, except it has YOUR store logo or name.

A gift card is purchased by the customer and activated for any amount. YOU collect the funds upfront and simply activate the card.

The card is pre-paid and serves as an electronic replacement for paper gift certificates.

The customer can bring the card back and use the balance toward goods or services. Cards can be reactivated and funds can be added anytime.

WHAT IS A LOYALTY CARD?

A loyalty card is designed to reward your Loyal customers. You can reward based on visits, items or dollars spent in the location.

You can also promote slower days of the week and reward customers points for visiting.

Example 1: Buy 10 get 1 FREE

Example 2: Buy XYZ product get \$5.00

Example 3: Spend \$200 get \$10.00 on card

Loyalty programs can assist you in creating a loyal customer base.

Promotes Customer Loyalty

Merchants can use the cards to help keep the customers coming back. Example: Buy \$50.00 today and get an extra \$10.00 on your card.

Great Impulse Purchase

It has been studied & proven that consumers will tend to impulse purchase if you are promoting a product at the point of sale.

Replace Paper Gift Certificate

Most all merchants selling paper Gift Certificates experience problems with tracking, reporting, fraud, duplicate use.

Slippage and Breakage

The BIGGEST reason to use Gift Cards is not to have to give customers CASH BACK! Balances stay on cards! **Typically only 85% of a cards value is actually redeemed!**
